Projects

Sweet Idea - <https://sweet-idea.herokuapp.com/>

- Built out and designed the UI using React and Bootstrap.

CompileKC - <http://www.mgakc.org/>

- Charity event where I worked with two other developers to remake the Myasthenia Gravis Association's website using the company's CMS.

Disposal Finder - <https://cornflakes1009.github.io/LocationBasedRecycling/>

- First group project where I designed and built the UI using Materialize and jQuery.
